Health Insurance

Glenwood State Agency offers your choice of group and individual health insurance plans from BlueCross BlueShield Minnesota. A leading health plan provider, together we can offer excellent protection and competitive premiums for benefits in line with your lifestyle.

Contact us for a Minnesota health insurance quote today. We will assess your needs and match you with a plan based on coverage type, deductible amount, co-payment and coinsurance (if applicable).

Home Insurance

Your home is likely the largest investment you will ever make. You work hard for all that you have and you need to be protected in the event of a loss. Homeowners insurance can cover your home, other structures on your property, personal property, and additional expense you incur due to a covered loss.

In addition to homeowners, we also offer condo owners and renters insurance. We can help you with personal legal liability coverage, which covers your legal responsibility for property damage or injuries that you or your family may be responsible for.

Life Insurance

We never know what life has in store. In today's world, it is very important to know that there are some things you don't have to worry about. Many people know they need life insurance, but they are not sure of why they need it or how much it should be.

If you have others who depend on you financially, it is very likely that you need life insurance. Life insurance can give security to you and to the ones you love. A life insurance policy will provide for your dependents if you die.

You may have questions like "Which type of life insurance should I buy?" or "How much life insurance is enough for me?" or "What or who do I need to cover?" Whether you are single, married with kids, empty nesters, retired, or a small business owner, we can help you determine the coverage you need to ensure you and your family's financial security. It is never too early to start planning for your family's future. We will help you with a life insurance policy that meets your needs.

Auto Insurance

Your vehicle is a central part of your lifestyle. It is your connection between all of the important places you go every day. We will create the perfect insurance plan for you that is tailored to the coverage you need.

Auto insurance can cover collision and comprehensive (damage to, or theft of your vehicle), liability (your legal liability to others for property damage or bodily injury), road trouble service, lease/loan gap, and additional expenses incurred.

Business Insurance

We know that no two businesses are alike. Whether you need property insurance for your restaurant or dealer's blanket coverage to protect the cars at your dealership, we can help meet your specific insurance needs. A few commercial coverage options include property insurance, commercial general liability, workers compensation, and commercial auto.

Farm Insurance

From hobby farms to commercial agriculture exposures such as feed and seed dealers, it is important to identify risks associated with whatever it is you produce. Glenwood State Agency knows farming and commercial farm exposures unique to the state of Minnesota. We proudly represent top-rated insurance carriers that are specific to agribusiness to ensure you get the coverage you need at a price you can afford.

CROP INSURANCE

Crop insurance safeguards you and your family against crop loss – whether from natural disasters such as drought or an unforeseen drop in the value of agricultural goods and services. Changing seasons, inclement weather and other unknowns are always in the forefront of every farmer and rancher's planting season. Know you are protected before you put your first crop in the ground.
